Hon. W. B. Lamar.

Directly upon the conclusion of the Farmers' Meeting in the court house last Saturday it was announced that Hon. W. B. Lamar, congressman from the Third district, was present and would address the audience. The popularity of the distinguished gentleman was evidenced by the fact that nearly the entire large assemblage remained seated and listened with evident pleasure to the speaker.

Mr. Lamar complimented the farmers of Madison county upon the organization just perfected and promised to assist in every way possible, at any and all times in carrying out the purposes of the organization. The speaker then referred briefly to the Swayne impeachment case which he so brilliantly carried successfully through the House of Representatives only to have a partisan Senate refuse to impeach the Federal Judge. He showed wherein the work done had already accomplished good and must result to the benefit of the public notwithstanding the failure to impeach.

For about one hour Mr. Lamar lucidly discussed the great issues now before the public—Railway rate legislation, insurance scandals, etc. His entire speech was well received and when he had finished it was his pleasure to shake the hands of many of his warm personal and political friends.

A level headed exchange says: "Learn this one thing, learn it early in life, and learn it well, that the man who does not believe as you do is not always a fool. The fact that you hold views not in accord with your neighbor is not proof positive that you are right and he is wrong, nor is it evidence that your neighbor is insincere. If this were true, then all smart men would belong to one party, and all good men to come to one church. And if all belonged to one party and one church they would break up both party and church."
